Host Institutes and Research Groups Assigned to Topics E–J (with contact information)

COMFUTURO FOURTH EDITION
COMFUTURO iAGE

The table below lists the CSIC host institutes assigned to Topics E–J, which correspond to fellowships with a preassigned host centre. For each topic, the name and email address of the responsible researcher of the underlined specific host group inside each institute in which the ComFuturo fellow would be integrated are provided.

Topic	Host Institute	Responsible of Host group	Contact Email
TOPIC E: AI-Powered Prediction of Early Ageing and Strategies for Rejuvenation	Institute for Neuroscience (IN)	María Dominguez	m.dominguez@umh.es
TOPIC F: Digital Environmental Sensing and Climate-Aware Urban Ecosystems for Healthy Ageing	Desertification Research Centre (CIDE)	Mónica Herrero	monica.herrero@csic.es
TOPIC G: Digital Twins for Anticipatory Geriatric Care	Centre for Molecular Biology "Severo Ochoa" (CBM)	Maria Mittlebrunn	m.mittelbrunn@cbm.csic.es
TOPIC H: Mechanical Markers of Tissue Dysfunction Due to Ageing: Digital Twins and Machine Learning	Institute for Integrative Systems Biology (I²SysBio)	Javier Buceta	javier.buceta@csic.es
TOPIC I: Big Data and AI to Unravel the Role of Complex Structural Variants in Ageing	Botanical Institute of Barcelona (IBB)	Josefa González	josefa.gonzalez@csic.es
TOPIC J: Personalised AI for Healthy Ageing: Social Robots as Adaptive Support Systems	Artificial Intelligence Research Institute (IIIA)	Raquel Ros	raquel.ros@iiia.csic.es
